

## Product Data Sheet

LED driver

## LPV-60-24V Meanwell LED DRIVER IP67

Order number

**252100030**

Unit EAN13 code

**8595209946997**

### General information

Model/Description

Finish

Brand/Manufacturer

Lamp type

Nominal service life (h)

**h**

Název položky

**LPV-60-24V MW LED DRIVER IP67**

### Electrical characteristics

Nominal wattage

**W**

Operating voltage (V)

**V**

Endurance

**V**

Pulse height

**kV**

### Working conditions

Type of start

Output frequency of ballast (driver)

**kHz**

Working temperature of the ballast body -Tc max

**°C**

Burning position

Total Harmonic Distortion

**%**

Application

### Physical characteristics

Dimensions (mm)

**mm**

Packing method

Spacing of fixing holes

**mm**

## EuP Parameters

|                                    |   |
|------------------------------------|---|
| Average Lifetime B50 (h)           | h |
| Number of maximal switching cycles |   |
| The rate of premature failures     | % |

## Safety information

|                  |
|------------------|
| Insulation class |
|------------------|

## Energetic characteristics

|                         |   |
|-------------------------|---|
| Energy Efficiency Index |   |
| Lamp Power factor (PF)  |   |
| Ballast efficiency (%)  | % |

## Exclusion of liability

Changes to data are subject to prior notice. NBB Bohemia s.r.o. accepts no responsibility for damages caused by inaccurate interpretation of the content on this site.

## Notice

Under the scope of Act 185/2001 Coll. as amended, this product is included in waste group 5 (light sources and luminaires). In view of the harmful effects of mercury on the environment and on human health, the creators of group 5 waste (consumers) are obliged to dispose of used light sources for recycling. Do not throw this product into mixed waste after use. Take it to the nearest store, collection yard, or other designated location for free recycling. You can also dispose of the used products for recycling in our sales outlets or in collection points of collective recycling systems or municipal collection yards. Ecological recycling of waste electrical and electronic equipment is ensured through the RETELA collective system ([www.retela.cz](http://www.retela.cz)).

## Notice

Single LED chip failure, luminous flux deviation +/- 10% as well as chromaticity deviation +/- 150K are in compliance with applicable standards and are not a reason for complaint.
